

PROFIT FIRST FAMILY EDITION

29% of households 55 and older have no retirement or pension
50% of American workers admit to working a second job to make ends meet

Profit First is a fresh way to view your financial situation. It's nicknamed Bank Balance Accounting because in our age of technology, our habit is to jump on our phone or other device and check our balance. If there is money, we can spend, if there's not, well....you know the rest.

Profit First is a simple 4 step process:

1. Decide what your household profit should be
2. Set up separate bank accounts
3. Remove temptation
4. Implement
